COMPLETED PROJECT

Title: 360 PANORAMIC VIRTUAL TOUR

This project mainly focuses on capturing a 360 view of our college buildings, labs and other main infrastructures, hostels and provide virtual tour for students. Moreover it is a powerful tool to entice prospective students to come to a campus in person and it's certainly essential for international students and parents who might not be able to afford the time or resources needed to visit a campus prior to admittance.

Title: COLLATERAL PLEDGE AND RELEASE(Internship Project-iNautix)

The purpose of this project is to build a system that will allow clients to initiate their pledging process using SPA. Currently Clients are handling their own collateral funding and pledging process using various tools and platform. They use the one of the system to view securities that are available for pledging and releasing and use another tool to complete their pledging process by filling their shells (method used to classify the quality of securities)
